About Centre Stage Uniforms

Centre Stage has been set up and owned by Martin Gernon, a business professional with a pedigree in textiles and overseas sourcing, as well as a lifelong player and supporter of brass bands.

As far back as I can remember I have been involved in brass bands, and currently play with and Chairman of the world famous Fairey (Geneva) Band. As such I understand only too well the financial restraints that are on all bands in the UK at present.

Falling concert and commercial revenues combined with rising costs makes it difficult for many bands to make ends meet.

Uniforms are one of the biggest expenses to bands. Prices charged by the current UK supplier base are very high, to be polite! This is where Centre Stage makes a huge impact. We want bands to look great, without it costing the earth! Look good, play good!

My business background is in textiles and textile production, particularly from the Far East where I have spent many years on sourcing quality products. It seemed to me, therefore, perfect sense to utilise my sourcing skills to fill a particular need in the UK for low cost, high quality uniforms that are delivered on time and correct.

I have therefore set up our own specialised production facility in Hong Kong to service uniform requirements of UK bands, but at overseas pricing.

The business model is correct—high quality fabrics and production, with a low cost base and the low overhead benefit of overseas production, combined with exceptional customer service and guaranteed lead times.

It will be our pleasure, as well as our honour, to dress your band to the very highest standard and to the very best of our ability .

As such, I look forward to discussing your requirements with you and ensuring we deliver to you fantastic new uniforms at a price that will make your treasurer very happy!

With best regards for your band's continued success.

Martin Gernon
Managing Director

Testimonials

We met with Martin at Centre Stage and were impressed with how easily he identified our needs and matched them with his products and services. Their range of fabrics are of fantastic quality and quite frankly, their refreshing customer service and incredible pricing will change the way bands look at buying uniforms. The decision to make Centre Stage our exclusive supplier for these products was an easy one and the band now look forward to a long a mutually beneficial relationship with Martin and his company.

David Kinross

President, Whitburn Band

Can highly recommend Martin at Centre Stage Uniforms. We've just had some of the 'traditional' braided jackets from him, and the quality, service and turnaround time from point of order were fantastic. The price is also incredible and far cheaper than any other supplier you'll find.

Matt Bailey

Chairman Besses O' Th' Barn Band

The new uniforms arrived promptly and look great!! We had been quoted eight weeks for delivery, but the order only took five weeks to arrive! The customer service from Martin and his company has been first class and we would recommend this company to any band, the pricing is amazing as are the products!!
